For your privacy, on the following questions, please refrain from using your or your child's name.

Please describe below the specific circumstances that have led you to seek Financial Aid at the Preschool.

Why do you want to keep your child at the preschool even though it is a financial hardship for you to do so?

Is your enrollment at First Presbyterian Preschool contingent upon the receipt of scholarship funds? If you do not receive the level of financial aid you are requesting, what is your alternative plan? What is the scholarship amount needed in order to stay at the preschool?

How are some ways you might be able to “give back” to the preschool if a scholarship is awarded?

Please add any additional information you think would be helpful in evaluating your scholarship request.
